Container Recycling Institute Analysis of New CalRecycle Data Shows Beverage Container Recycling and Sales Increases

Overall beverage container recycling continues to hold steady at more than 80% in California

LOS ANGELES, Calif., Dec. 17, 2015—Newly released data from CalRecycle show that the number of California beverage containers sold and recycled increased from fiscal year 2011 to 2015, according to a recent analysis of the data by the Container Recycling Institute.
